

## Course program: Introduction in the feed industry

Location: Feed Design Lab, Wanssum

### Day 1:

- 11.00-12.30: Welcome speech and introduction, puzzle
- 12.30-13.15: lunch + introduction participants
- 13.15-14.15: Introduction pilot plant: open machines
- 14.15-15.45: Milling, mixing, dosing and assessing of raw materials, **theory**
- 15.45-16.45: **Practice:** milling, dosing, mixing
- 16.45-17.00: Discussing the results of the practical tests in the pilot plant
- 17.00-17.30: mixing uniformity in theory and practice
- 17.30-18.00: evaluation and completion day 1

### Day 2:

- 09.00-09.30: **praktice** extruding & vacuum coating
- 09.30-12.30: **theory** Conditioning/expanding/pelleting/cooling
- 12.30-13.00: lunch
- 13.00-13.30: **praktice** Conditioning/expanding/pelleting/cooling
- 13.30-14.15: qualitycontrol and carry-over
- 14.15-14.45: innovation at Feed Design Lab
- 14.45-15.30: Knowledge raw materials (puzzle)
- 15.30-16.00: evaluation and closing session
